Dear Tony,

It was a pleasure, as always, having you and "**Up on the Roof**" back at the Hilton in Atlantic City. The response was absolutely incredible - many customers returned during your two-week run, bringing new patrons with them each time.

We've received calls and emails from people who saw the show, and even some who didn't, requesting a return engagement. Your consistency and energy make "**Up on the Roof**" a favorite of our customers, and our staff loves you, too.

Tony, your hard work, talent, and positive energy are an asset, and we always enjoy having you here. We'll be having you back soon.

Best regards,

*Tina*
