## Community Concert Association

Harrell Memorial Auditorium

It was a great pleasure to showcase the talents of Mr. Tony Pace for the enjoyment of our West Texas audience. In all honesty, there was a slight bit of nervous anticipation among the local board of directors. We had never booked a show like his before. But, we are now so glad that we did. Mr. Pace's stage presence, his energy, his enthusiasm, his quick comedic wit, and his wide-ranging vocal talents were an instant hit. He pulled the audience in and made them part of that excitement. We appreciated also the fact that his diversity of song held appeal for every age group in attendance that evening. We heard nothing but good things from other audiences prior to his arrival, and we have heard nothing but good things since.

Apologies for the delay. My world spins ever more quickly here in Plainview. Much thanks for all you do in helping to keep the local arts alive & flourishing.
