Laura,

Just wanted to drop you a quick note about our concert last night. It was fantastic. Tony was very personable and has fantastic talent. The audience was involved all evening.

His wife handled the sound and CD sales and both stayed and talked with crowd until everyone left.

He was our last show before we start our season ticket drive for next year. Could not have been better for us. About 375 in attendance along with the newspaper reporter. Glowing reviews today. I was called for Jury Duty and the show was the topic of the crowd while we waited in the Courthouse. Received numerous calls today about people wanting to renew before the drive starts.

Please let other Associations know how great he is. Thank you
