

Oxnard Community Concert Association

To Whom It May Concern:

On Saturday January 27, it was our great fortune to have Tony Pace perform for our Oxnard Community Concert Association audience. He certainly lived up to the quotes: "The man with a voice that just happens to be funny" and "what others in Vegas would say is the "ultimate voice"".

His performance was electric and his energy seemed to be endless. The range of his voice was outstanding and he held our audience captivated by his arrangements. When he wasn't singing, his quick witted comedy and interaction with the audience keep us entertained.

When his performance was over, his interaction with the audience left everyone feeling special and truly appreciated.

It is my pleasure to recommend to anyone to see and hear a Tony Pace performance, you will be thoroughly entertained and have a phenomenon time.

William(Bill) Probst, President Oxnard Community Concert Association
